

MORNINGTON POOL RESURFACING JULY 2015

Artesian Pools has completed resurfacing works on the floor of the swimming pool. The broken surface has been repaired and tiled feature patterns have been installed.

The pool has also been acid washed to remove the stains.

Photos below are from July 5th whilst the pool was being refilled.

The whole job was finished on July 8th and the pool is now re-opened.

New photos will be added shortly.
